BANK CLEARINGS INCREASE AGAIN

Indication of Unusually Prosperous Conditions.

Paducah Probably Pays Out More Money to Laborers Than Any Other Town of Size.

RETAIL PROSPECTS BRIGHT.

Bank clearings . . . \$700,167.
Same week last year . . . 680,268
Increase 19,899

The bank clearings for this week show a slight increase over the same week last year and attest to a consistent increase in business. General reports of collections are fair.

Wholesale houses report good bookings for the future seasons, and current, day to day demands are exceptionally good. Prices in many lines continue to advance and promises for fall trade are splendid, if the buying for the retail is an index.

Retail trade in July showed a substantial increase over the same month last year. Every month this year has shown a good increase, with June as the lightest, and present outlooks are favorable.

Mr. H. C. Rhodes returned this week from the furniture market at Grand Rapids, where he was making some of his fall purchases, and commenting on the business situation, said: "I never saw a more enthusiastic lot of buyers than there were at the markets this season. Everybody reported fine business so far this year and the prospects for the coming season are exceptionally bright. Buying was more liberal than anything I have seen in years, which is an index of the universal conditions existing. The buyers at Grand Rapids are usually as close to trade conditions as any set of men in the country and from what I saw at Grand Rapids, I think business conditions will continue at the great degree of prosperity we are now experiencing for some time."

Old Hotel Bonds.

The first bonds issued by the Palmer Hotel company, an issue of \$95,000, bearing six per cent, which Samuel B. Hughes, trustee, issued 14 years ago, were retired by the hotel company today by a new issue, the old mortgage being released and the bonds destroyed.

Crop Movements.

There has been a good deal of tobacco moving again this week and the prices have ruled strong. A good deal of wheat has been coming in also, but there is a disposition among some of the growers to speculate a little and hold some of the crop for higher prices.

Money to Laborers.

The active demand for labor continues in Paducah. The work being done on the streets the construction work of the two telephone companies, the gas company, the street car company and the proposed sewerage work has created the biggest demand for day laborers in the history of the city. It has been a great thing for the town, too and it is probable that more money is being paid out in Paducah every week to day laborers than in any town of its size in the south. It is being felt in all retail lines, and has stimulated every branch of local business.

Bradstreet's Report.

New York, Aug. 4.—Bradstreet's weekly report follows: The sentiment in general seems to have become decidedly more optimistic, the practical assurances of heavy crop yield, the growing buoyancy of iron and steel industry and the relatively heavy volume of orders booked in general lines for fall and winter requirements being the principal stimuli. Iron and steel plants not actually engaged in making repairs, are being worked to their utmost capacity and the action of the principal products in resuming dividends on its common stock exerted a salutary effect on the sentiment. Some steel mills have booked the entire capacity for many months ahead, and if the usual fall business has not been discounted by midsummer bookings the question of deliveries will become a pressing one.

The essential soundness of the mercantile trade is testified to by July and the seven months returns of failures to Bradstreet's which point to fewer failures and smaller liabilities than in any but the best of the year. Railway earnings are very heavy. Evidences multiply that the momentum already imparted to trade and industry will receive further import and that the year, as a whole, will surpass any previous period in the country's history.

Wheat, including flour exports for week ending August 2, 22,895,020 against 14,011,696 this week last year. Corn exports, 623,126 bushels against 1,013,675 bushels a year ago.

VALUABLE HORSE

May Be Lost By Mr. Hendrick Under Strange Circumstances.

Mr. Will Hendrick, son of Attorney John K. Hendrick, will probably lose a fine horse valued at \$200. The horse escaped or was stolen from his stable last night. This morning a boy named Canada residing near Fourth and Trimble streets, was riding the horse. He claimed to have found it in his front yard and to have been taking it to the city hall to surrender. At Clark and Third streets he collided with a wagon, driven by Charles Gillen, son of the late Bruce Gillen. The shaft of the wagon penetrated the left flank of the horse and was broken off. The semoral vein was severed and the horse nearly bled to death. It was taken to the Farley veterinary stables, where treatment was administered by Dr. Ed Farley, who believes the horse will not survive.
